

Entering the City, State & Zip

- **Step 1. Click Select (paper and magnifying glass icon) next City, State & Zip.**

The screenshot shows the 'FWC - Florida Buck Registry' web application. At the top, there is a navigation bar with links for Dashboard, Scoresheets, Print, Reports, Configuration, Help, and Public Home. Below the navigation bar, a yellow banner displays a warning: 'Save New Scoresheet Before Uploading Scoresheet Document'. The main content area is titled 'Typical Scoresheet' and contains a form with several sections. The 'Scorer' field is set to 'Becky Shuman'. The 'Date Scored' field is empty. The 'Status' dropdown is set to 'New ScoreSheet'. Below this, there are fields for 'Hunter First Name', 'Initial', 'Last Name/Suffix', 'Birth Date', 'Age', 'Phone', and 'Email'. The 'Address' section includes fields for 'City', 'State', and 'Zip', each with a 'Select' button (represented by a paper and magnifying glass icon). A red arrow points to the 'Select' button next to the 'City' field. Other fields include 'County', 'Date Taken', 'Land Type', and 'Location' (set to 'DMU').

- **Step 2. Enter full or partial city, state or zip information and select search.**

This is a close-up view of the 'Find City, State, Zip' search dialog box. The dialog has a title bar that says 'Find City, State, Zip'. Below the title bar, there is a prompt: 'Enter a City, State, or Zip and Search'. The dialog contains three input fields: 'City' (with 'gainesville' entered), 'State' (a dropdown menu), and 'Zip' (an empty field). To the right of these fields is a 'Search' button with a magnifying glass icon. A red arrow points to this 'Search' button. The background shows the 'Last Name/Suffix' field with 'Shuman' entered and the 'County' dropdown menu.

- **Step 3. Choose the desired area by selecting the round checkbox. NOTE: Your selection will populate the form automatically.**

The screenshot displays the FWC - Florida Buck Registry interface. The main form is titled 'Typical Scoresheet' and includes fields for 'Control #', 'Scorer' (with a dropdown menu), 'Hunter First Name', 'Initial', and 'Last Name/Initial'. Below these are fields for 'Address', 'City', 'State', and 'Zip'. A red arrow points to the 'Scorer' dropdown menu. A modal window titled 'Find City, State, Zip' is open, showing a search interface with 'City', 'State', and 'Zip' input fields. Below the search fields is a table with columns 'Select', 'City', 'State', and 'Zip Code'. The table contains a list of entries for Gainesville, Florida, with various zip codes, each with a checked checkbox in the 'Select' column. The main form also includes a 'Status' field with a 'SAVE' button, 'Phone' and 'Email' fields, and a 'Comments' text area. At the bottom, there are sections for 'Lengths of Points' and 'Lengths of Abnormal Points' with input fields for 'Right Antler' and 'Left Antler'.
